10 years – 10,000 children – 10,000 trees*

Date 10/05/21

Good afternoon,

On Friday June 25, the people of Andover are set to join forces for a Climate Day of Action!

Launched by Andover Vision, the day will see schools, businesses, community groups and everyone in between, play their part by pledging an activity or action that will help in the battle against climate change.

We know that schools are already doing a lot to respond to the climate emergency, both in changing how they operate and crucially by teaching the next generation about the significance of the issue. Schools are at the heart of our local community and we'd love to harness the enthusiasm of the town's young people as part of this day.

Any action, big or small, can play a part. Whatever you come up with, you can also join in and share your ideas online on the day itself, using the hashtag #andoverclimateaction on Twitter and Facebook, and tagging in [@AndoverVision](https://www.facebook.com/AndoverVision) on Facebook, or [@Andover_Vision](https://twitter.com/Andover_Vision) on Twitter. Alternatively, email any pictures or information to andovervision@testvalley.gov.uk and we'll share it for you!

Further information and inspiration is available at the Andover Vision [website](#) – further content, including participant packs, will be added here as we get closer to the day itself.

If you have any further questions or want to know more, please contact the Andover Vision team by email (andovervision@testvalley.gov.uk) or by telephone 01264 368133.

(Our Andover Trees United Schools' Dress Down Day for the Cabin has been timed to coincide.)

Many thanks,

Wendy
