

We Need Your Help!

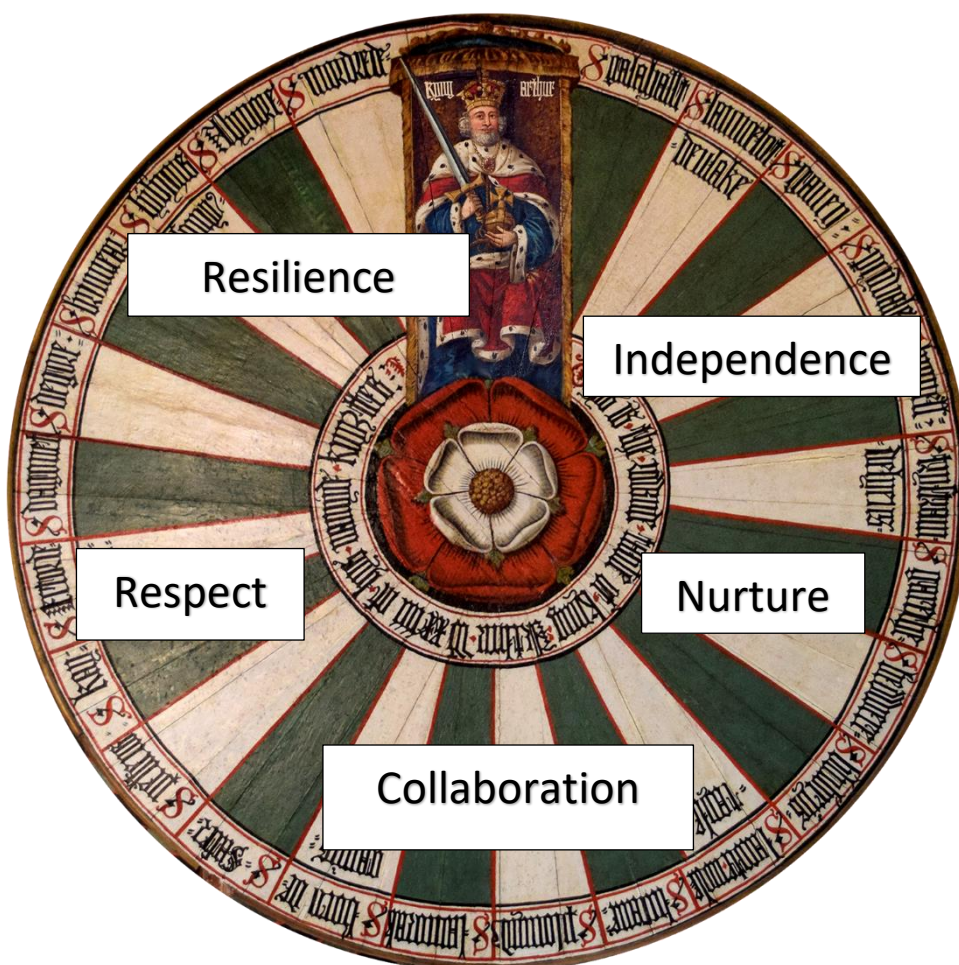

Dear children,

We have created new values for our school, which you can see on the sides of the Round Table. We need you to create Knights to seat around the table. Your task: design a knight which is responsible for each value. Once you have designed your knight, think of a suitable name so that the value can be remembered by the whole community. The winning designs will be used across the school to promote our values. See the example to help you with your ideas and please remember these can be girl or boy knights.

Return your designs to the class teacher, at the main office or wait until you return to school after the half term (hopefully).

Good luck! Thank you!

My Knight's Design

Value: Respect

Name of Knight: Rupert the Respectable
