PTA Easter Fair—After School

#### Wednesday 28th March

Last day of term 3pm finish as usual.

#### Thursday 29th March

**INSET day**

Children do not attend

## Year 3 London Trip

On Tuesday 9<sup>th</sup> January, the whole of Year 3 along with some additional helpers visited the Natural History Museum. The visit was support their topic 'Oh what a disaster', which is based on natural disasters. Throughout the whole day all the students where a credit to the school with their impeccable behaviour both before, during and after the visit. We had lots of fun finding out lots of interesting facts, we even had a go on the earthquake simulator. Which whilst being fun,

was also quite scary at the same time! Well done year 3!

## Play in a day!

Learning through drama. “Drama is a powerful cross-curricular tool which allows Key Stage 2 pupils to explore and form their own view of a topic or issue as well as helping them develop skills in communication, creativity, enquiry, critical thinking, empathy, self-confidence, cooperation, leadership and negotiation.”

“In a drama workshop pupils are not just asked to read or write about a subject but move, speak, respond, make a multisensory and emotional connection to the subject and have fun which makes the learning more memorable. Workshops give pupils information they need so they can make informed decisions and take part in their own learning – exploring their reactions and emotions to the subject matter in a safe and supportive environment.”

Our year 4's recently completed a plan in a day retelling the events of the Roman invasion of Britain. The children were very excited and animated in their learning. The children worked incredibly hard and produced a fantastic play. This learning was then able to be transferred to their learning throughout the curriculum. Well done year 4 for such a productive and enthusiastic day.

## THE UNIVERSITY OF WINCHESTER

Highclere and Edinburgh enjoyed a visit from The Winchester University earlier this term. The children explored what university life would be like, who can go to university and the wonderful amount of courses that are available. Winchester students told the children about their life on campus and the responsibilities they had to take on since leaving home. Year 5 thought about their dream job and what route they would need to take to get there. We had a variety of careers; footballer, accountant, nurse, vet and teacher. The children are looking forward to next year when they visit the actual university.

## Talking Teens Parent Group

10:00am-12.00pm

19<sup>th</sup> April

## Test Valley Family Support Service

10<sup>th</sup> May

## What is Talking Teens?

Teenagers are rewarding, stimulating and fun, but being a parent of one can be stressful and challenging.

The Talking Teens Parent Group helps deal with those challenges so you can have a calmer, happier family life.

A tried and tested Programme, it helps us think about what we do, why we do it and how it makes us feel.

- There are four 2-hour sessions over four weeks
- Informal café style with refreshments
- 10-16 parents are invited and there are two Family Links trained group leaders
- Partners are welcome and it's also fine to come on your own or with another relative or friend
- You'll get the most out of the Programme if you come to all four sessions.

Tea and coffee available from 9:45am for a 10am start at:

Spring Meadow Children Centre  
Smannell Road  
Andover
