Danebury Visit

Friday 23rd October
Last day before half
term holiday 3pm
finish

Houses of Parliament

On Monday 14th September the school councilors were given the fantastic opportunity to visit the Houses of Parliament.

The children and staff were given a fully guided tour of the Houses of Parliament which offer a unique combination of one thousand years of history, modern day politics, and stunning art and architecture.

Tour highlights included visiting; Westminster Hall, Norman Porch, The Queen's Robing Room, The Royal Gallery, The Prince's Chamber, The Lords Chamber, The Commons Chamber and St Stephen's Hall. Everyone had a great day out learning about politics

and how decisions are made. They all came away with lots of ideas to bring back to our school council meetings and they were a credit to themselves and the school showing exemplary behaviour at all times.

Our school councilors for this academic year are;

Mckean Robinson, Tegan Sykes, Reece Saunders, Erin Burnell, Frazer Foley, Caitlyn Hayes, Eliesher Kerr, Corey Jones, Kieran Dawe, Eliyshiya Richards, Ctystal Elliot, Dmitrijs Meiksans, Jesse Barrett, Kelly Toon, Alfie Marchment and Becky Phelps.

Year 5 Planetarium

We were really excited this term to welcome the Winchester Science Centre to our school hall! They took over the whole hall with a giant black dome which we had to climb into. Once inside the dome, we had three amazing presentations which were projected onto the dome's ceiling. The first presentation was shown live by the guide and was all about the stars and planets that we could see from Andover! We were even able to zoom in on one planet that we would be able to see without a telescope.

The next presentation showed us all the constellations in the sky and how these related to all the different star signs. We had no idea that this was where horoscopes came from! After this, they showed us an amazing story of fictional humans living on the moon that visited the earth – we travelled through canyons, rose up through volcanoes and hid from earthquakes!

We thoroughly enjoyed the visit and loved having the chance to be up close with planets and stars. This has really helped our writing as we are now finishing off our Space Topic books about the planets and the Solar System.

Thursday	Maths	Miss Wells	3:00-4:00
Thursday	Zumba	Mrs Cassidy	3:00-4:00
Friday	Film	Mr Mullen Miss Smith	3:00- Various

Attendance and Punctuality

At KEJS School we recognise that attending school regularly and on time has a positive impact on learning, progress and therefore the best life chances for our pupils. Excellent attendance and punctuality is the key for our pupil's success. In line with the Government and Local Authority Guidelines, we expect all our pupils to maintain an attendance level of **96% and above**.

Our current attendance is 95.7%

Uniform

We would like to start by saying a big thank you and well done for making such a great and smart start to the new academic year. Please continue to wear full uniform to school including school shoes not trainers please. Also it is important that correct PE kit is worn and in school on the correct days.

Focus on..... Home learning

Home learning is an important part of your child's education. It allows your child to review and practice what has been covered in class as well as helping your child integrate learning by applying many different skills to a single task.

Here are some examples of fantastic projects completed by children in year 3 and year 5 already this half term.
