## Duck & Chicken Newsletter

March 25

---

- Our Ducks are Muscovy Ducks and they are great as domesticated Ducks
- they are friendly
- very nosey
- do not need a pond as their wings are not fully waterproof.
- When they are happy they wag their tails like dogs.
- They understand us and they know their names.
- Fred in particular will come to the fence if you call him.

Our Chickens are Bantams, they are funny, if you stand at the fence and call girls, they will all come running over, the children love to see them running.

Our brood is growing, so to aid this, we are asking for donations of food, any unused vegetables (no potato, onion or mushroom), any donations of Chicken Food or Duck Food or dried Mealworms.

We will have a collection bucket in both receptions, if you have change you wish to donate, please feel free to pop in the bucket.

Now that the weather is nicer we will be taking children out to spend time with our feathered friends, if your child is lucky enough to find an egg, don't worry they are free range and taste amazing 😊

Any donations could be taken to the Juniors Reception. Thank you so much for your generosity.

The Duck & Chicken Team
